

Ballet/Tap Class Info

Thought I would put together a quick note with some information about our ballet/tap class, and what your dancer will need before their first class. I know it can take some time to purchase the correct shoes etc. I believe that Walmart and Target both carry ballet and tap shoes, and The Dance Store in Salem is a great resource. There is also Discount Dance Supply for online shopping.

<https://www.discountdance.com>

- Your dancer will need black tap shoes (boys and girls) as well as pink ballet slippers (girls), black ballet slippers (boys).
- Pink tights, any color leotard (may have graphics on the front and/or an attached skirt).
- Male ballet dancers should wear dark sweats or long shorts, and a t-shirt.
- We start with tap shoes first, so have your dancer's tap shoes on them as you send them in to class. Please put names in all shoes.
- Please make sure your dancer has some kind of a bag to put their tap shoes in when we change over to ballet shoes. All those little shoes look alike and can be hard to sort out (even with names). It's so much easier if everyone takes their ballet slippers out of their bag and puts their tap shoes in:)

I think that's it for now. Please reach out with any questions that might come up.

We are so excited to have your dancer in our class!
